

READY-TO-FINISH FIRE PIT KITS

CIRCLE | OCTAGON | RECTANGLE | SQUARE

We offer a variety of ready-to-finish fire pit kits. They are constructed of an aluminum frame with concrete board base, includes a drop in Match-Lit Brass Burner System, flex line kit and vents. All are ready to install and complete on-site with your exterior finish material.

If you are looking for a decorative fire pit kit, check out our variety of styles including classic square, rectangle, circle or octagon. If you have a custom shape or size you would like to have adorn your patio or backyard, we can customize your fire pit kit to fit your needs.

READY-TO-FINISH FIRE PIT KITS

All Ready to Finish Fire Pits come complete with (1) Pan with 2" Sidewalls, (1) Crossfire™ Brass Burner, (1) Aluminum Frame with Concrete Board attached, (2) Vents, (1) Flex Line, (1) Key Valve, and (1) 12" Key. The pits listed in this section are standard Match Lit Systems. Upgrade to a Push Button Ignition System or a 24V Electronic Ignition System.

FIRE PIT COVERS

We recommend you add a cover to any fire feature to prevent water build up in your gas lines. Water build up could cause issues in your fire pit performance. A cover is required with any Warming Trends system utilizing a 24V electronic ignition system. All covers are 1/8" thick Aluminum and Powder Coated Charcoal Gray with a UV protected paint.

Note: When using an electronic ignition system, or a push button ignition system, you must add a 2 1/2" return to the cover. Please call Empire Distributing for pricing.

WIND GUARDS

Fire Pit Flame Guards provide an additional safety barrier, help maintain a central flame during the evening breeze, all while providing an enhanced fire elegance by reflecting the flames on the glass surfaces. Made from tempered glass, all our Fire Pit Flame Guards are heat resistant with polished edges, and designed for use with any fire pit.
